Rich in color, ideal for restricted locations. Ultimate height 7 to 8 feet. \$1.25 each.

FALL 1911

JAMES I. GEORGE & SON

Growers of Quality Clematis

FAIRPORT, N. Y.

Plant Clematis this Fall!

FOLLOW THESE SIMPLE RULES FOR GROWING BEAUTIFUL CLEMATIS

- ★ Plant Clematis in September and October.
- ★ Pull soil up around tops when winter approaches. Mulch well to prevent freezing and thawing.
- ★ Remember the soil is always in fine condition **for fall planting**—the rains settle around the roots and become established long before the winter snows have disappeared.

THINGS TO REMEMBER

WE POST PAY IN U. S. A.

SHIPPING INFORMATION. Send your order in for early selection. We ship this fall after September 15th.

DEPENDABILITY. Growing Clematis has been our business since 1893. Cared and nurtured under the personal supervision of Mr. George, customers throughout these many years buy with confidence, knowing that dependable plants, plus customer satisfaction, is the one essential for continued success in this business.
